Dear sir:-

Every day, we receive letters from members of your club, telling us they have been listening to CFGT.

Every time, the specifications, like in your case, are proving that they really tuned our station.

I would like you to know that starting this Saturday January 2, instead of signing off at Midnight, we will keep our program on till 2.00 am.

Any time, you will write for the announcer to give you a Q.S.O. or offer you musical selection at your request, we will be pleased to do so.

May I let you know that the man who put our transmetter on the air is Mr. Otto Desbiens, V.E.2-A.O.S.

I take the liberty of asking you to pass on this message to as many members of your club as possible.

Yours truly,

Lionel Morin
